- [REDACTED]
- 25X1 (1) [REDACTED] Comment: This shipment was originally delivered to DDOG and later transferred to Juschmeschtrans for shipment via Mikachevo.
- 25X1 (2) [REDACTED] Comment: The Austrian Industrial Directory for 1950 lists Niessen-Werke Kndt.-Ges. für Wärmetechnik u. Maschinenbau at Vienna XIV, Linzerstrasse 221. No listing could be found for Niessen-Werke Kndt.-Ges., Vienna XIV.
- 25X1 (3) [REDACTED] Comment: These barracks were probably manufactured by Niessen-Werke Kndt.-Ges.
- 25X1 (4) [REDACTED] Comment: [REDACTED] Juschmeschtrans also despatched one barge shipment of scrap iron, containing about 60 carloads, to Bulgaria during this same period. 25X1
- 25X1 (5) [REDACTED]
- It now seems probable that a previous shipment of U-iron reportedly despatched by Juschmeschtrans from Derutra to an unknown recipient in Austria was also destined for USIA's Electrical Industry Administration; [REDACTED] 25X1
- 25X1 (6) [REDACTED] Comment: USIA imports this coal duty-free from Poland for resale to Austrian dealers. Although the Austrian Government requires retailers to pay a tariff on goods illegally imported by USIA, the larger coal dealers in Austria are apparently willing to pay this tariff in order to procure coal from Poland.
- 25X1 (7) [REDACTED] Comment: [REDACTED] during the same period Juschmeschtrans shipped two barges of grain from Hungary to Switzerland.
